

8TH NORDIC SEAWEED CONFERENCE SEAWEED AND SUSTAINABILITY

10-11. OCTOBER 2018

KYSTVEJENS HOTEL OG KONFERENCECENTER, GRENAÅ

PROGRAMME WEDNESDAY 10TH OCTOBER:

- 10.00 - 11.00 Registration
- 11.00 - 11.15 Welcome
- 11.15 - 12.10 Keynote speaker: Marie Magnusson, University of Waikato, New Zealand: The MACRO path to succesful demonstration scale production in the tropics
- 12.10 - 12.40 Alexander Handå, SINTEF, Norway: MACROSEA - A knowledge platform for industrial macroalgae cultivation in Norway
- 12.40 - 13.40 Lunch
- 13.40 - 14.05 Jens Legarth, FermentationExperts, Denmark: Co-fermented seaweed and rapeseed - effects on gut health in humans and pigs
- 14.05 - 14.30 Michèle Barbier, Institute for Science & Ethics, France: Pegasus - Phycomorph European guidelines for sustainable aquaculture of seaweeds
- 14.30 - 14.55 Maria Zakharova, OLEOTEK & Isabelle Gendron-Lemieux, Merinov: Extraction of value-added compounds from Saccharina longicuris and biological properties - innovation and entrepreneurship in Quebec, Canada
- 14.55 - 15.20 Bert Groenendaal, SION Industries, Belgium: Highlights of the EU SeaRefinery project
- 15.20 - 15.50 Coffee and cake
- 15.50 - 16.10 Ditte Hermund, DTU & Louise Klinder, Melissa Aps, Denmark: New antioxidants from seaweed for cosmetical applications
- 16.10 - 16.35 Signe Helle Ptak, SDU, Denmark: Optimizing fucoidan yield from Baltic fucus brown algae species
- 16.35 - 17.00 Rita Clancy, Eurida Research, Germany: The need of public dialogues for sustainable seaweed industries of the future
- 17.00 - 18.15 Poster session and Seaweed Market
- 18:40 Walk to the Kattegatcentre (15 min.) - meet at hotel entrance
- 19.00 - 22.00 Fish a' deli Circus and conference dinner surrounded by sharks in the Kattegatcentre
- 22.00 - 23.00 The bar is open at Kystvejens Hotel & Konference center (at own expence)

PROGRAMME THURSDAY 11TH OCTOBER:

- 07.45 – 08.30 We take a walk at the beach and look at seaweed
- 08.55 – 09.00 Welcome back at the conference
- 09.00 – 09:55 Keynote speaker: Helena Abreu, ALGAPlus, Portugal: Seaweed aquaculture in European Southern waters: a perspective on its future development
- 09.55 – 10.25 Philip Kerrison, SAMS, Scotland: Carpospore production by *Plamaria palmata* as a new method for its cultivation
- 10:25 – 10:45 **Coffee break**
- 10:45 – 11.10 Peter Schmedes, DTU Aqua, Denmark: How to cultivate *Palmaria Palmata* - dealing with extreme nutrient-light regimes
- 11.10 – 11.35 Dagbjørn Skipnes, Nofima, Norway: Thermal properties of *Saccharina Latissima* and *Alaria esculenta*
- 11.35 – 12.00 Tom Wijers, Van Hall Larenstein University, the Netherlands: Extraction of protein for fish feed
- 12.00 – 13.00 **Lunch**
- 13.00 – 13.25 Søren Ugilt Larsen: Danish Technological Institute: Ensiling of seaweed and conservation of sugars for biofuel production
- 13.25 – 13.50 Adrian Macleod, SAMS, Scotland: The development of seaweed farming in Europe - environmental impacts and prioritizing key knowledge gaps
- 13.50 – 14.20 Dorte Krause, Aarhus University, Denmark: Blue Carbon
- 14.20 - 14.30 **Goodbye for now!**
- 14.30 - 15.00 **Coffee and cake**
-
- 15.00 - 20.00 **Stakeholder meeting**
